As I Recall . . .

It was in September, 1948 that I first entered this building, embarking upon my school career.

This is the LIBERTY CENTER SCHOOL. This is the building, the students, and the traditions, of an institution dedicated to an intangible ideal that tomorrow's achievements are built on today's accomplishments.

Presenting, the dreams of yesterday—

As I Recall . . .

MR. GLEN DUNN, *TRUSTEE*

MR. LLOYD LIEURANCE
Superintendent

Graduates and Students,

Once again the ole school clock has ticked its way through another school year. The winding thread of life has woven another pattern of life. Many things have evolved leaving our minds full of memories of a never-to-be forgotten life in a surrounding of culture, excitement, and learning. For some this year will glow brighter in your memory; for others it will be but a dim flicker.

Changes have occurred in each and every one of us. Maturity has found a new avenue to drive us to a better, more prosperous life.

Knowledge has seeped its way into our brains, and a precipitant intellect has resulted.

My greatest wish is that this intellect will grow and bring its master the rewards of a diligent worker.

Best Wishes,

John C. Talarico

As I Recall . . .

The CLASSES of my friends at Liberty Central School hold many Memories. Class parties, and class projects contributed greatly to our school spirit.

Some classes were small, some classes were large, but regardless of their size they are dear to my heart: they are my friends.

Presenting, the classes,

“Problems of the School Are Their Concern”

Executive Committee

The executive committee is comprised of students in the high school who are president or vice-president of their class. They serve as official representatives in all matters of concern to the entire school.

The executive committee is involved in the real problems of the school and offer many suggestions for improvement. It gives students practical experience in scheduling, organizing, managing and administering.

The active committee deserves the understanding, respect, and cooperation of students, faculty, and administration.

As I Recall . . .

The SENIORS of 1960 were a very small class. It was in the fall of 1956 that we first entered high school with the determination of someday attaining our goal.

Basketball games, final exams, spring dances, class plays and numerous friends were all too soon transformed into ancient history.

Somehow it was hard for us to say good-bye to the people who helped us live the happiest years of our school life. Instead we said, "Au revoir—until we meet again."

LIFE *is just one Graduation after another . . . !*

Whether you're graduating from high school or college, getting married, or moving into a new home, it's an experience to remember and marks a milestone in your life.

We at Indiana & Michigan Electric Company are closely associated with you as you pass these milestones, for low cost, dependable electricity is an important part of everyday living.

You live better electrically today! But what the future holds for you in even better living through electricity is hard to imagine.

As you continue your educational program or enter into the business world, you can always be sure there will be plenty of electric power available so you can live better . . . electrically!

Memories . . . Yes, that's all we have now. As we come to the last page of this book we also come to the end of the realities of our high school days. We can never return to them, only by remembering. That which we have gained will never be lost as long as we are able to browse through this book . . . full of Memories . . . our memories of yesterday and dream of tomorrow. We shall never forget the happy moments . . . the surprises . . . the thrills . . . the friendships we've all had together.

All we will have to do now is to open our 1960 Memories and we will again be with our beloved Liberty Center High School. "Lest We Forget" our school, our friends . . . our teachers, now and then let's browse through this book . . . full of Memories . . . This 1960 Memories and be together again.

Memories of the school will linger on. We'll be lonely—lonely for the crowded halls—bulletin boards, study halls, the pep sessions—lonely for—well, let's just say lonely.

So to All—principals, who have been tolerant; teachers, who have been patient; custodians, who have made LCHS a comfortable place to be; cooks, who have served us meals, bus drivers who took us back and forth each day—and to you, the boys and girls, who have been our companions throughout these past twelve years, we must say good-bye.

Again—good-bye,
The Seniors, 1960
